My Cub Cadet 54 inch has always run well except for throwing the cutting deck belt. Finally a mechanic suggested the pulleys were not in line (three blade model). Found the tensioning pulley was 1/4" out of alignment. Fixed by machining off the 1/4" and adding a 1/4" block to allow the locating bolt to still screw in to the original position. Problem solved - no more throwing the belt and can ...

[SLT-1554 Transmission Problems - Only Cub Cadets](#)

Cub Cadet Super LT 1554 w/54" mower deck. 27hp engine. Tires are good and it runs well. It probably needs a spindle (hit a rock whole mowing - so deck makes vibration/buzzing like noise) and a new muffler. Exhaust is a little loud when throttled down but not noticable when at full throttle. I had plans to get rid of the mower deck to attach snowblower, but now it is no longer needed. \$500 ...
